

Vision

To be recognized globally as a leading centre of excellence in technical and vocational education, training, and research dedicated to serving the Muslim Ummah.

Mission

- Deliver high-quality education to develop competent TVET teachers and professionals for OIC member countries.
- Equip young people with the skills and knowledge required to meet the demands of modern industries and contribute to the Muslim Ummah.
- Conduct innovative research connected to engineering, technical fields, and further education.
- Strengthen teachers' capacity through diverse, demand-driven training opportunities.

MISSION
